Dear resident,

The Brandon Area Rescue Squad proudly serves the towns of Brandon, Goshen, Forestdale, Leicester, and Sudbury's Emergency medical Services and Ambulance needs and has been for the past 41 years! Brandon Rescue responded to more than 700 calls for help last year. Brandon Rescue is licensed by the Vermont Department of Health at the Paramedic level, the highest prehospital level of care available in the state, and staffed with more than 35 volunteer members, one full time Chief and one part time paid staff member. Brandon Rescue operates a fleet of three state of the art ambulances from a station on the south end of the town on Route 7.

In addition to 24 hour emergency ambulance service Brandon Rescue offers several prevention and educational programs and opportunities. These include:

- CPR/AED Training
- First Aid training
- Entry level Prehospital Training Programs

Every member of Brandon Rescue would like to thank every resident of our communities for the strong support and help that has been provided to us over the 41 years. The subscription program is yet another way the Brandon Rescue Squad is working to help the patients and family with emergency care. The small fee for an annual subscription covers every member of the household for the year. The subscription member's unpaid balances are then written off potentially saving hundreds of dollars in ambulance fees to the subscriber. Your subscription helps the efforts of the members of the Brandon Rescue Squad to serve you for another 41 years.

Thank you for your time, consideration, and support.

Andy Jackson, EMT-I03
Chief Operations Officer
